## WORK EXPERIENCE

### Aspireal Technologies Private Limited

Software Engineer

MARCH 2025 - PRESENT

- Worked on Odoo versions 12 to 19, covering both Community and Enterprise editions, including migrations and module upgrades.
- Customized and enhanced core modules.
- Managed client communication for requirement gathering, enhancements, and issue resolution
- Worked on module enhancements, bug fixes, and optimization tasks across multiple client environments.
- Prepared and executed test cases, ensuring quality, bug fixes, and performance optimizations across multiple client environments.

### KGiSL

Junior Associate → Associate

JULY 2022 - MARCH 2025

#### Associate (Oct 2024 - Mar 2025)

- Developed an Odoo 17 module template with standard reports, email/push notifications, dashboards, global search, and standard UI
- Automated database function creation during upgrades and implemented service auto-restart and backup scripts.
- Contributed significantly to Logistics Management Software (LMS) covering CRM, Sales, Purchase, Inventory.
- Led development of CampusERP, focusing on optimization and Odoo integration.

#### Junior Associate (July 2022 - Sep 2024)

- Core developer of CampusERP with customizations and performance optimizations.
- Designed and implemented Helpdesk and Meeting Room Booking modules independently.
- Created APIs for mobile apps, integrated SMS/WhatsApp, and improved engagement.
- Contributed to migration of Bahmni from OpenERP 7 to Odoo 16
- Managed releases, deployments, and full SDLC tasks
- Delivered enhancements for NMH, Trust Sale, and ATS projects.
- Involved in requirements analysis, prototype design, development, unit and integration testing, deployment and maintenance, managing the full SDLC from initiation to production.
